### Package Contents

- \* 2 legs
- \* 1 seat
- \* 1 back
- \* 1 front brace
- \* 1 center brace

Step #1

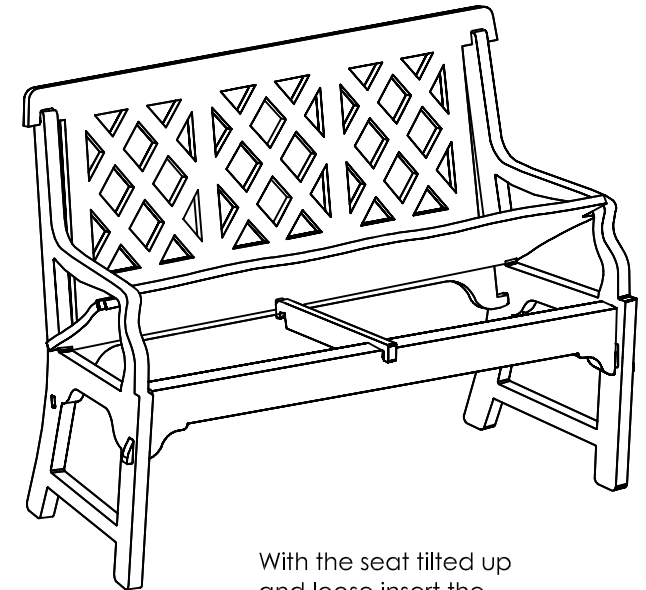

Attach the back to the legs. Insert the small center brace into the hole in the back. The hook with the angle goes into the back.

Step #2

Insert the seat into the sides. Also hook one side of the front brace into the hole on the side. Attach the center brace to the front brace.

Step #3

With the seat tilted up and loose insert the last side of the front brace into the hole in the side. Next snap the seat down snug into place.
