

# CARE, CLEANING & WARRANTY

## MAINTENANCE MADE EASY.

Fact: All outdoor furniture gets dirty. But unlike others, our products clean easily with a solution of soap and water or even bleach. Our non-porous surface can easily be pressure washed.

Recommended cleaners include dish soap, Simple Green, Soft Scrub, De-Solv-It or a Mr. Clean's Magic Eraser.

For more stubborn stains and scratches, a series of sandpapers can be used to repair the affected area and restore the original satin finish.

1. Sand the entire surface with #80 or #100 sandpaper to minimize the depth of the scratch.
2. Follow with #9 microfinish sandpaper until smooth to the touch for a polished surface.
3. Wipe surface with a soft cloth.
